

# *nec* Ingenium 2025

Event	<b>CodeSprint Hackathon</b> “Solving real-world problems through code, innovation, and teamwork.”
-------	--

Hacking starts	30 June 2025
----------------	--------------

Objectives
To foster innovation, rapid prototyping, and teamwork in solving real-life challenges using software, hardware, or both.

Participation
<ul style="list-style-type: none"><li>• Open to undergraduate students.</li><li>• Team size: 2–4 members.</li><li>• Interdisciplinary teams are encouraged.</li></ul>

Format
<ul style="list-style-type: none"><li>• 18 hours in-person or hybrid coding sprint.</li><li>• Problem statements will be revealed at the start of the event.</li><li>• Internet access will be provided under supervision.</li></ul>

Allowed Tools:
<ul style="list-style-type: none"><li>• Any programming language or platform.</li><li>• Open-source libraries/tools allowed.</li><li>• Pre-built components or APIs permitted but must be disclosed.</li></ul>

Judging Criteria:	
Innovation & Creativity	: 25 %
Functionality	: 25 %
Relevance to problem	: 20 %
Technical Implementation	: 20%
Presentation	: 10 %
